Alaska-Yukon Exposition Notes.

A reproduction in natural colored sugar of the state house at Honolulu, Hawaii, standing 25 feet high, is to be seen in the Hawaiian building at the Seattle World's Fair.

A chunk of coal weighing 2,700 pounds is an exhibit in the Mines building at the Alaska-Yukon-Pacific Exposition. It is from a Washington State mine.

So comprehensive is the exhibit of the Fisheries Department of the National Government at the Seattle World's Fair that the only thing left in the sea and not shown is McGilly, in Davey Jones' Locker.

"One pleasant feature about our Exposition," said an Atlanta, Georgia, newspaper man in speaking of the Seattle World's Fair, "is that there is no extortion permitted. There are prices to meet everyone's pocket-book."

Accomplete history of our country may be gathered in a short space of time from the papers and curios on exhibit in the State Department at the Seattle World's Fair.

Seven different car lines, a steamboat line and automobiles are employed in carrying the crowds to and from the Seattle World's Fair.

The spiritual and intellectual development of the Great Northwest is as fully exploited by the Alaska-Yukon-Pacific Exposition as is the commercial and industrial growth.

Golden Wedding Of Capt. And Mrs. J. W. Carlton.

An event of much interest in Hancock county and also Cloverport was the celebration of the 50th anniversary of Captain and Mrs. J. W. Carlton's marriage, which was held at the residence of their daughter, Mrs. J. S. Adair, in Hawesville, Tuesday afternoon. Many were in attendance with hearty congratulations and many more at a distance sent loving messages and tokens of esteem.

Captain Carlton was born in King and Queen county, Va., December 27, 1835, his family moving from Virginia to Hancock on his first birthday, December 24, 1836. His grandfather served in the Revolutionary war, and for service was voted 5,000 acres of land in Virginia, a part of which is still held by the Carlton family. His father served in the war of 1812 and Captain Carlton himself served in the Confederate army, and is the proud possessor of a Confederate Cross of Honor.

Mrs. J. W. Carlton was born in Hancock county, Ky., Sept. 2, 1837, and was reared near Hawesville. She is a descendant of the Hensley and Kincaid families, who were prominent in the settlement of Kentucky with Daniel Boone and other pioneers, and is a niece of the famous river commander, John W. Cannon, who once owned the steamer D. R. Lee and was also here and reared near Hawesville.

Captain and Mrs. Carlton were married at her family home three miles above Hawesville, June 29, 1859, the occasion being a double wedding. Capt. James Carlton, a brother of J. W. Carlton and Mrs. Lucenia Powell, an aunt of Mrs. Carlton, being the other participants.

After the war Captain Cannon commanded some of the finest steamers on the southern waters until about five years ago. Captain and Mrs. Carlton spent their winters in Missouri while engaged in his work and their summers in Hawesville, among familiar scenes and with old friends of a life time who knew them best and appreciate their for their beautiful lives which have been an inspiration to old and young, and the sunny nature that have endeared them to all who knew them. Captain Carlton has one living sister,

DEATH REMOVES

IRVINGTON CITIZEN

Mr. James F. Claycomb Passes Away After a Prolonged Illness.

WIFE AND CHILDREN SURVIVE.

Once more the grim monster, death, has visited our community and taken from our midst a most honored and respected citizen, Mr. James F. Claycomb, who died at his home on last Monday morning, June 28, at 3:30 o'clock, after a prolonged illness. The news of his death filled every heart with deepest grief and sadness, and the announcement came as a surprise to the whole town and entire community, although he had been told by the doctors that he couldn't get well.

Mr. Claycomb was engaged in the insurance business and he always was a man of his word and the people had confidence in him. He was a consistent member of the Baptist church at this place.

The remains were taken to Walnut Grove on Tuesday morning for burial. The funeral was conducted by the Rev. T. W. Gayer, pastor of his church here and was largely attended as was also the interment at the graveyard near the church. As a token of esteem and admiration the grave was covered with his floral designs.

A wife and three and two children by his first wife are left to mourn his loss besides a host of friends and relatives.

Mrs. George Vickers, of Owensboro, Ky., and Mrs. Carlton has two brothers, John and Joseph Lindner, of Chickasha, Okla., and one sister, Mrs. J. W. Porter, of Owensboro, Ky.

The union has been blessed with eight children, six of whom are living: Charles H. Carlton, of Chickasha, Okla.; Mrs. J. S. Adair, of Hawesville, Ky.; Mrs. J. L. Williams, of Memphis, Tenn.; J. W. Carlton, Jr., of Alexandria, La.; Mr. C. Carlton, New Orleans, La.; J. B. Carlton, Monroe, La. The following grandchildren: Mrs. J. L. Miller, Cruger, Miss; Mrs. J. N. Alsop, Owensboro, Ky.; Hawes, Emily, Joe, and Sue Carlton, of Hawesville; J. L. Miller, Jr., of Cruger, Miss., is a great-grandchild.

The decorations were in gold and for refreshments the ices, punch and cake served, carried out the same golden color scheme. The table was filled with beautiful and costly golden presents which were much admired and appreciated not only for their value which was great, but for the love which inspired the gifts. A large number of gifts were gold coins of every denomination, making literally a golden shower.

Mrs. Bettie Brasher and son, Joe and Mr. and Mrs. Nat Alsop and Mrs. Porter, of Daviess county, attended—Hancock Clarion.

Skillman, during her late and last illness. We are convinced that we have gained nothing by delay, as we still feel incapable of expressing our appreciation of the services rendered. Husband, Brother and Sister, July 3, 1909.

Infamously for Piles, Burns, Sores, Cuts, Boils, Fever-Sores, Eczema, Salt Rheum, Corns, 25c. Guaranteed by Severs Drug Co.

The Whirlwind Campaign

The day crowds for the three days speaking in the county last week were small except at Custer, where a full house greeted the speakers on Saturday afternoon. Dr. Sizerin, of Lexington, who met the appointments, is a pleasing speaker, carrying conviction with well chosen words. He points out our failures under the old school law with its cumbersome lot of 25,000 trustees, a fifth of whom were illiterate. He quotes convincing figures showing

the success of states about us that have lately adopted a system like our own. He emphasizes local taxation, and an education beyond that given by the public schools.

His contact with our people at Union Star, Stephensport, New Bethel, McQuady, Westview and Custer will do much for the spread of the true public school gospel. No one who came under the spell of his burning earnestness will fail to tell his neighbor, who in turn will pass it on to others. There was no speaking at Garfield on account of a conflict with a local preaching date. The choir at Stephensport, McQuady, Westview and Custer rendered appreciated song services.

Supt. Slaus, of Covington, Ky., and Rev. Cline, of Hardinsburg, also addressed the people at Custer. There were a few short talks given by county teachers at the Custer meeting, all full of the new spirit that is possessing the school people of the state.

IF WOMEN ONLY KNEW

What A Heap Of Happiness It Would Bring To Cloverport Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains come from sick kidneys.

'Twould save much needless woe.

Doan's Kidney Pills cure sick kidneys.

Many residents of this vicinity endorse them.

Mrs. Lizette Bartley, Main & Cross Sts., Elizabethtown, Ky., says: "I was a sufferer for over three years from pains across my back, which were so severe after any exertion as to completely unfit me for work. My feet and ankles became so badly swollen that I could not go on my shoes more than a few minutes at a time. I had lumbago headaches and was often so dizzy that I did not dare walk upon the street. The secretions from my kidneys were distressing in passage. My brother who had been cured of kidney trouble by Doan's Kidney Pills, advised me to give them a trial and I procured a box. They gave me great relief and I continued using them until the pain in my back disappeared, the secretions from my kidneys became natural and the soreness in my limbs left. I was soon a well woman and give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

TEACHERS INSTITUTE

Has Large Attendance—Much Interest—Visitors Galore—Instructors Make Telling Addresses.

FINE PROGRAM FOR THE WEEK.

Hardinsburg, July 6. (Special.)—The county teachers' institute met at ten o'clock Monday morning, in organizing elected Miss Nora Harrison, secretary, and proceeded at once to get down to business.

The enrollment was large, specially so when it is remembered the teachers who are in attendance at the State Normal are excused from attending.

Upon physicians' certificates the following are excused because of their own illness or that of other members of the family: P. T. Noel, Mrs. M. P. Payne, J. K. Leslie, Andrew Delskell and Mary Jo Mattingly.

The work of the first day was of a strong and interesting holding character. Each instructor made telling addresses at the beginning showing in attractive manner the exalted duties and boundless and sacred responsibilities of the teacher.

Dr. Corson's addresses make one want to live and work; Prof. Martin's show to live long, healthily and cleanly; Miss Smith's measure up to her high standard of the past, giving life and light to childhood's mist; enters the schoolroom from the hallowed precinct of home.

The teachers handle readily their subjects at their hours for discussion. Visitors through the meetings and teachers are promptly in their places, all drawn by the worth and beauty of the work as it is presented.

The music is a pleasant feature. It was turned Tuesday by the Baptist choir.

In addition to the regular work of instructors and teachers, Mrs. Fred C. Lease, of Kingswood, will give the closing address this afternoon. Miss Hannah Blevins will recite. Godfrey Haswell furnished the teachers with orangeade Tuesday and otherwise remembered.

Miss Katie Baxtridge and her pupils have the thanks of every visitor for the pleasing recital time for the first evening of the institute.

Mr. Matther's institute at the M. E. church South tonight will attract a crowded house.

Dr. Corson on Thursday evening will deliver a free lecture at the Court House.

FINE WHEAT BAGS.

Farmers who will contract their wheat to us will be loaned sacks FREE OF CHARGE in which to ship same. Consult us about prices before selling elsewhere. Ballard & Ballard Co., Louisville, Ky.

CLOVERPORT, KY., WEDNESDAY, JULY 7, 1909.

Kentucky Editors Have a Glorious Meeting--Business Transacted on the Side. Sam Underwood, of Hopkinsville, Elected President.

Estill Springs, Ky., July 2, 1909. (Editorial Correspondence)--Beautiful Estill! The members of the Kentucky Press Association arrived here Monday evening and to say there has been something doing every moment is putting it in a mild way. Everybody had their energy stirred up for a good time and not a guest was present who failed to get a big slice of fun.

Business was simply brought in on the side, merely to elect Mr. Sam Underwood, president and Dan Bowman, secretary and treasurer. A. D. Miller was elected vice president and Clarence Woods, orator, Tuesday morning the Association was welcomed to Estill Springs by Mr. Robert Friend. His address was splendid and the cordial spirit of it rippled through the crowd all week. A. Y. Ford, M. H. Thatcher and J. W. Newman, of Louisville, were here Thursday, as were booked on the program.

There was considerable dashing around in the debate: Resolved That State-Wide Prohibition Would be a Good Thing for Kentucky, C. E. Woods, affirmative, T. M. Gilmore, negative. The whiskey lawyer was drowned by the editors and before many hours he was like a fish out of water.

Mrs. Breckinridge, of Lexington, lighted her candle before the Association Thursday morning and the editors were much pleased with the light she threw on school suffrage. There was a large attendance, a delightful set of people and everyone left Friday night reluctantly.

Our "Ount House at Hardinsburg is a thing of beauty and a joy forever. It never appeared to better advantage than it did last Monday. The Circuit Court room was beautifully decorated for the Teachers' Institute and there were present as handsome and intelligent body of teachers as any county in the State can turn out. The exercises were inspiring and uplifting. Dr. Corson's talk Monday afternoon was one of the best we ever heard in an Institute. No doubt his surroundings were an inspiration. How we are progressing in educational matters! And there's no one prouder of it than this editor.

Judge Moorman has the endorsement of all good citizens for his work in renovating the court house and yard. Men feel more like behaving themselves and acting like men and not like brutes in a clean house. It took courage and back bone for the young Judge to do what he has done, but to our mind no greater work could have been done for the general good and uplift of the county. It is to be hoped that his successor will carry on the good work.

Lee Walls has proved himself a good, painstaking officer, prompt in all his dealings with the public and always on hand when duty calls, ready and willing to serve you. Strictly temperate and a square man. He would make an ideal circuit clerk and the Democrats will make no mistake if they nominate him.

Judge W. E. Settle was at Hardinsburg Monday. The judge is a candidate for re-election. No finer man ever sat on the bench than Judge Settle. An able judge, a genial gentleman, broad-minded and liberal; this district will make no mistake in re-electing him.

Democrats, Independents and conservative Republicans all over the county see in Vic Robertson a clean sweep for victory if nominated at the coming Democratic Mass Convention.

Everybody wants a clean ticket for the Democrats and likewise one for the Republicans. The first one in the field will have the advantage.

The thing to do in this county is to raise more stuff for the kitchen and less for the trusts.

It is the duty of all good citizens to lend a hand in nominating good men for the offices.

WOMAN'S RIGHTS IN NORWAY.

Miss Gula Krog, a Pioneer, Tells What Her Sex Has Gained.

Miss Gula Krog, a prominent Norwegian delegate to the international meeting of the National Council of Women held in Toronto this month, and recently in New York Sun reporter:

"The women of Norway have had municipal suffrage and have been eligible for all municipal offices for the last nine years and next fall will exercise their rights as full voters for the first time. Though we speak of it as universal suffrage, we don't really have the same rights to the ballot as the men have at present.

"Before 1868 the men of Norway had suffrage with the taxation qualification. On that date they got universal suffrage. Next fall the women of Norway will begin to vote just about on the same terms that the men did before 1868, with the advantage that married women can vote on the taxes paid by their husbands and unmarried women on those paid by their parents. That is better than the men started with, you see.

"The women of Norway have served on juries for upward of five years. Often a woman is elected as foreman. We serve in all sorts of cases, just as the men do. They look upon us women of Norway as being interested in the welfare of our country from our sex. We have no children's court as yet. In its place we have a body of officers, men and women, elected by the municipal authorities to look after the welfare of the children.

"There may be women elected to parliament next fall, but I hardly expect it. You see, with us the Conservative party is very much stronger than the Liberals or the Social Democrats. Our ablest women, those who might be elected to parliament, belong to the Liberals. I hardly expect them to get in.

"One thing we who have worked for suffrage in Norway are sure of, that a good many women held back, refused to see their advantage, but now that the work is accomplished they come forward with enthusiasm and are eager to take part in it. I believe the same will be found to be true here in the United States."

HEALTH AND BEAUTY.

A cup of cold water before retiring and a cup of hot water in the morning before breakfast work like magic as a cure for indigestion.

Almond meal is preferred by some women to soap and acts as a pleasing alternative to soap in the bath. It softens, cleanses and refines the skin. The most easily digested foods which contain the greatest amount of nourishment and are free from acids and starches are those best adapted to the child's needs.

A glass of warm water before breakfast is a tonic for the whole system. If the complexion is in need of improvement try squeezing half a lemon into the water just before drinking.

Have as few towels as you can afford, but pay less attention to the quality than to the cleanliness. This is a little use of careful selection. If a towel is soiled it is used for a day.

Since summer is over, induce a more active condition of the system, but external applications of heat and cold are of little use. A poultice for the purpose is made from four grains white vasoline and five centigrams each of white precipitate and oil of birch. This is applied at night. A drop of belladonna on a lump of sugar is an old fashioned remedy that is taken when symptoms of a sty are first manifested. At the same time the lids are to be bathed in warm ether flower water.

A skin whitening preparation that can be easily made at home is in the proportion of two tablespoonfuls of oatmeal, a half tablespoonful of powdered borax and a half ounce of rose water. Let the mixture stand three days, strain and add a half ounce of alcohol. The addition of the alcohol prevents the souring which is the drawback to so many oatmeal preparations. If preferred, instead of using all oatmeal it can be mixed with half this bulk of almond meal. Either of these washes makes the skin feel soft and smooth if rubbed on the hands or face after washing.

The biggest problem of all to the woman who would keep her good looks is the matter of wrinkles. A generation ago she gave up without a fight, but since the coming of massage and simple devices of all sorts she dares no longer indulge in such disfigurement as long as it may be prevented. One woman's simple receipt in the morning bath. She dabs her face with hot water until it is heated thoroughly, then applies the cream fresh from the dairy, letting it dry on her face. She puts on more cream, massaging it into the wrinkles particularly. It is then washed with warm water and lightly powdered.

Nail Polish in Tubes.

The latest toilet novelty is a nail polish which comes in a tube and can be pressed out like artists' pigments. The polish itself is of a consistency between a cream and a liquid, easy to put on.

The cane is a neat little one, nickel plated, with a top that pulls off, and furnished with an ejector to force out the enamel.

Delicately Put.

"The first day out was perfectly lovely," said the young lady just back from abroad. "The water was as smooth as glass, and it was simply gorgeous. But the second day was rough and--deliciously disagreeable."--Everybody's Magazine.

FOR THE ENGAGED GIRL.

Pretty Ways of Announcing the Great Secret of Her Happiness.

Essentially an engagement is announced by the young woman writing notes to her friends, her fiancé to his. It is becoming more and more the fashion to "break the news" to one's friends at luncheon or dinner.

This can be done in a formal way by the girl herself or her mother, but it is less embarrassing and more clever to convey the news with a single touch.

The dessert course is a good time for the announcement. One girl had the key inserted in the shape of a small wedding bell. Stuck into the top was a tiny heart-shaped envelope which contained the names of the girl and her fiancé. Each name was written on a small silver paper heart joined by a silver paper arrow pointing the two.

Another girl had a tray passed at the close of the luncheon with a single red rose for each guest. Colored in the heart of the rose was a crumpled scrap of white paper with the names of the engaged persons inscribed together.

A third young woman had suspended from the chandelier over the center of the table a large bomb-shaped decoration made of snowballs. From it white ribbons were attached to the plate of each guest. When the table was being cleared for dessert each person was asked to pull her ribbon.

A clever announcement at one luncheon came in the form of a telegram brought by the maid to one of the guests in the secret. When opened it was found to contain the news of the betrothal amusingly kept within the usual ten words. It was read aloud at once, creating much surprise.

Do you use an atomizer in treating Nasal Catarrh? If so you will appreciate Ely's Liquid Cream Balm, the quickest and surest remedy for this disease. In all curative properties it is identical with the solid Cream Balm, which is so famous and so successful in overcoming Catarrh, Hay Fever and Cold in the head. Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, N.C., is largely founded in legend. "It had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe influenza and stubborn cough." To cure Sore Throats, Croup, Whooping Cough, and prevent pneumonia, it's the best medicine on earth. 50c and \$1.00. Guaranteed by S. S. Drugg Co. Trial bottle free.

The Intelligent Censor.

Some years ago a young man of St. Petersburg, Ivan Fedorov, quarreled with his sweetheart and then took his grief out of the country. About a year after he wrote to the girl asking her to "make up" and telling her if she failed to insert a "personal" to that effect in a St. Petersburg paper not later than a certain date. The girl was repentant, too, and she promptly got the "personal" ready, and all would have been well had it not been for the lynx-eyed censor, who believed it to be some sort of nihilist message and refused to allow its publication. After awhile, however, the stern official was convinced that the "personal" was true. It was a little while after when the girl received word that her lover, having failed to see the message in print on the day he had set, had shot himself two days before it saw the light.

Probably Hanged. A writer in the Argosy tells of the sister of Lord Houghton, who was frequently annoyed at the guests whom her brother brought to the house.

"Do you remember, my dear," he asked her at dinner one day, "whether that famous scoundrel X. was hanged or acquitted?"

"He must have been hanged," she replied, "or you would have had him to dinner long ago."

Children Cry FOR FLETCHER'S CASTORIA

She Will Decorate Governor's Home. To Miss Marie Irvin of Boise, Idaho, has been awarded the contract to decorate and furnish the new official mansion for the governor of that state. It is one of the few contracts of the kind that have been won by women in that country. In that city there are several women who have found furnishing and decorating a profitable profession, but most of their assignments have come from women's clubs or other women's organizations.

It is a line of work for which women are especially well fitted. Miss Irvin studied in art schools there and in Chicago, returning to Boise a little more than a year ago. She arranged the decorations for the last inaugural ball in Idaho, and it was her success then that led to the award of the present contract.

Miss Irvin said at simplicity is all her work, while when it is plain means the best artistic expression.

A Night Rider's Raid.

The worst night riders are calico cutters or calico pills. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing Colic, Headache, Constipation, Malaria, etc., at Seters Drug Co.

Newest in Kitchen Cabinets.

A spice cabinet, new and most convenient, stands about eighteen inches high and measures ten inches across. It is fitted with five drawers, all but the lowest one being partitioned off into two. These are marked baking powder, baking soda, ginger, pepper, cloves, nutmeg, cinnamon, allspice, to show their respective contents.

The Optimist.

"Well, it's come at last, Mary. The cost of living's going down here. Congress has reduced the tariff on arks, ships, nutmegs, peppercorns and Japanese kites!"

Fred languid, weak, run-down? Headache? Stomach "off"? Just a plain case of lazy liver. Barlock Blood Purifier tones liver and stomach, promotes digestion, purifies the blood.

Golden Horseshoes.

Roman writers inform us that Commodus caused the hoofs of his horse to be gilded. Nero when he undertook short journeys was always drawn by mules that had silver shoes, and those of his wife, Poppaea, had shoes of gold. From a passage in "De Casibus" there is reason to think that the upper part only was formed of those noble metals or that they were perhaps plated out of this alloy. When Boniface, emperor of Germany, one of the richest princes of his time, went to Brixia, about the year 1038, his whole train was so magnificently decorated that his horses were shod with silver. The nails were even of the same metal.

THE GREAT PHARAOH.

Horemheb Did More For Egypt, Perhaps, Than Any Other.

Horemheb at the time of his accession was forty-five years of age, full of energy and vigor and passionately anxious to have a free hand in the carrying out of his schemes for the reorganization of the government. It was therefore with joy that in about the year 1350 B. C. he sailed up to Thebes in order to claim the crown.

Had he lived longer he might have been famous as a conqueror as well as an administrator, though old age might retard and three wives refuse their office. As it is, however, his name is written valiantly large in the book of the world's great men, and when he died, about 1315 B. C., after a reign of some thirty-five years, he had done more for Egypt than had almost any other pharaoh. He found the country in the wildest disorder, and he left it the master of itself and ready to become once more the master of the empire which Akhnaton's doctrine of peace and good will had lost.

Under his direction the purged worship of the old gods, which for him meant only the maintenance of some time-proved customs, had gained the mastery over the ephemeral worship of Aton. Without force or violence he substituted the practical for the visionary, and to Amen and order his grateful subjects were able to cry, "The sun of him who knew thee thou has set, but he who knows thee shines; the sanctuary of him who assailed thee is overwhelmed; in darkness, but the whole earth is now in light."—Arthur E. P. Weigall in Century.

BELLS OF THE BASTILLE. They are hung in a Little Rustic Building in Paris.

The bells of the Bastille are still in Paris in a little court in Avenue d'Alsace, where they are hung in a little rustic building. There is no doubt as to their authenticity. They carry in relief their story. "These three bells were made by Louis Cheron, founder to the court, for the royal Bastille in the year 1741." Fleur-de-lis, crosses and sacred devices adorn the legend. The bells formerly were part of the clock installed by M. Sartine in 1784. In the archives de l'arsenal are all the documents relative to the work.

On July 14, 1789, the bells of the Bastille stopped the clock of the Bastille at a quarter past five in the evening. Falgout, who demolished the prison, three days later received the order to deliver the clock to the commander and did not put it in. He transported it to no one knows whither. After the revolution the bells were found at the foundries of Rouilly-sur-Andelle, in Eure, where, under the reign of terror, the church bells were converted into money. The proprietor of the foundry was interested in these relics and did not put them in. He installed the three bells in his works with the movement of the clock. By this time the dial plate had disappeared and the figure which belonged to it. Some years ago the bells were transferred from the Rouilly foundry to Paris, and there they have since remained.—London Globe.

The Argument For The Taft Tax

Such a tax brings also Federal supervision and regulation of all corporations is demanded by the great mass of American voters. They are weary of corporate abuses. They are alarmed by the growth of corporate power. They see the need of systematic records, and accounts for all corporations. The Taft plan for a 2 per cent. tax on the net income of all corporations will not bring Federal supervision, regulation and publicity for corporations.—Philadelphia Press.
